Re: Working with IRFT

To whom it may concern,

Sainsbury's – through its Fair Development Fund – has been working with Gaynor Pais and IRFT since early 2016. They have been providing assessment, training and capacity building services to grape growers in our supply chain in north-west India as part of a 3-year project with our supplier Mack Multiples.

The aim of the project is to improve the livelihoods of grape farmers and the seasonal workers employed on their farms. Activities include agricultural training, income-generating diversification activities and improvements in working conditions.

Throughout the project so far, IRFT have proven themselves to be diligent, knowledgeable and communicative.

Kind regards,

Laura Falk
International Development Manager, Sainsbury's Supermarkets
